## Put in the time upfront

Review the notes/video BEFORE class

# How To Be Successful IN EE1910

## This class will operate in Flipped Mode

- You are responsible for reading / listening to the prework for each class (before class)
  - Schedule an hour the day before class to read/listen to the notes

- Class time will be spent
  - Highlighting key concepts
  - Answering questions
  - Working examples
  - I will not be lecturing from the slides

# How To Be Successful IN EE1910

## Assignments

- The homework lags the lectures by several days
  - Start Early
  - Ask Questions

- Labs have 2.5 days to complete
  - Make sure you know what you are doing before leaving the formal lab
  - Create a plan
  - Document along the way
    - Otherwise, you will end up redoing work
