Mbed Error Guide

- Warning

Compile output for program: lab5_part1 Verbose Errors: 0 Warnings: 4 Infos: 1

Description	Error Number	Resource	In Folder	Location
 'reinterpret_cast' to class 'WisunInterface *' from its virtual base 'NetworkInterface *' behaves differently from 'static_cast' [-Wre		WisunBorderRo	extras/mbed-os.lib/conne	Line: 43, Col: 37
 'reinterpret_cast' to class 'WisunInterface *' from its virtual base 'NetworkInterface *' behaves differently from 'static_cast' [-Wre		WisunBorderRo	extras/mbed-os.lib/conne	Line: 90, Col: 37
 Anonymous non-C-compatible type given name for linkage purposes by typedef declaration; add a tag name here [-Wnon-c-type		SecureStore.cpi	extras/mbed-os.lib/storag	Line: 53, Col: 15
 L3912W: Option 'legacyalign' is deprecated.				

- The first time you compile a new program the OS gets compiled also (there are other occasions where this happens also)
- These errors are OS errors and do not cause problems for us
