CS2852 Exam 2 Feedback

Section 021

Page 5, Problem 8.b.
① You can simplify code like

```
if(nextNode == null) {
    return false;
} else {
    return true;
}
```
To a single line:

```
return nextNode != null;
```

Section 051

Page 4, Problem 6
① To instantiate an array of generic type E, use E[] temp = (E[]) new Object[array.length-1];
