CS498: Week 1 Lab Grading Checklist

Dr. Yoder Name: _____

Item	Points
Introduction: Describe the lab in your own words (You may use the space below)	/ 1
Include your .m script and the original image you selected. (All images come after the script in your packet, in the order they are mentioned.)	/ 1
2. Demonstrate your selected point to your instructor	/ 2
2. Describe what you learn from looking at the raw values around your interest point. (You may do this here or in your comments.)	/ 3
3. Convert an image to gray-scale	/ 3
4. Blur the image. Include two blurred images: one with much blurring, and one with little blurring. Both images should be blurred equally in the i and j directions.	/ 3
4. Answer the question "Why is it important for the sum of the blurring filter to be 1?" (You may do this here or in your comments.)	/ 4
Summarize what you learned during this lab (You may use the space below)	/ 1
Things you liked about the lab or suggestions for improvement	/ 1
Follow submission instructions below	/ 1
Total	/ 20

- **Staple** this lab cover sheet on top of all the materials you are submitting.
- Submit your work in the **order** listed above.
- In addition to the materials above, submit any other supporting materials you create while working the lab where they fit best in your report.
- Your demo is due during the lab period. Your lab packet is due by 8 AM on the day after the lab is performed. You must demo your lab to complete it. The late penalty for completing the lab is 2 points per day. Slip your submitted lab packet under my office door or submit your packet to me during the laboratory. There is a 1 point cost for each demo attempt.
